

# Ntrust plans Europe foray

By SANGEETHA KANDAVEL

Chennai, Dec. 4: Chennai based Ntrust-Infotech, IT and KPO service provider to the real estate and leasing industry, is eyeing the European market and will be investing around USD 3 million there. Speaking to this newspaper Mr. Srikanth Ramachandran, president and CEO said, "The business environment in the European space is changing rapidly and this is the right time for us to tap potential in the niche space of real estate lease administration."

"As the real estate market space in Europe is opening up for big players, we are keen in joining them and are evaluating locations in Ireland, UK and Germany to set up our operations," he said adding that the operations will be focused only on sales.
